**FRAUD ALERT**

It is very important that you contact us so that you can receive your benefits as soon as possible. If we do not continue your application soon we will close your case and we may no longer be able to help you.

Time is a factor in this situation, specifically if you are transitioning into Medicare. You will still need to make an appointment with Medicaid (NJ Family Care). We can walk you through this complex process and make sure you have the best chance to receive all your benefits.
